Total 8,546-10-9 sanctioned in all

But the last mentioned item viz, Rs 1452-8-0 was only the amount of rental for five years, and there is no information as to what was done at the end of that period Probably these lands were given up, in which case it would appear that the area of the lands now constituting the farm is 17 acres and 24 guntas, and that the amount spent by Govt on their acquisition is

Rs 8546-10-9

12 In the present communication Mr Booth-Tucker wants Govt to give the lands outright to the Army on pn Rs 2635 the original price paid pn the land instead of the present market value of the land, as would be payable under the Go. of 14 Sept 1911

13 Even here there is a mistake as Mr Booth Tucker has underestimated the original price paid pn the land Though Rs 2635 was the value awarded pn a portion of the land by the Land Acqn officer an addl sum of Rs 3345 odd was awarded by the Court-

The request of Mr Booth-Tucker should be declined as it is made on an erroneous assumption regarding the price originally paid for the land which the Govt is bound by G.O. of 14 Sept 1911 & I consider undesirable to give any further concession to the Salvation Army which in the matter of silk development has not achieved the preposterous claims put forwards by its officers Govt are embarking on a scheme for the improvement of the silk industry and it is not unlikely that trouble may arise in the future between the Italian expert recently engaged & the self styled experts of the S.A It is therefore desirable to keep the latter under some kind of control & that will always be possible

Confidential Rec'd 7th MYSORE ECONOMIC CONFERENCE

Agricultural Committee,

D O No 861 / A C

Bangalore the 7th March 1914

Dear Sir,

Regarding the conversation we had the other day about the utility of the Tata's Farm as it stands at present and the grant made by Government towards its maintenance, I beg to submit, as directed by you, the following points for the consideration of Government -

2 I remember the bare outline of the conditions on which the Government made the grant when the Salvation Army took over the management from the Tata's I have been a constant visitor to the Farm from the days of Mr Odzu as in the capacity of Assistant to the Revenue Commissioner and subsequently as the Secretary to the Agricultural Committee, Sericulture has been all along engaging my attention The Salvation Army have been giving effect to the conditions to which they agreed in a very satisfactory manner

(1) They are not aggressively religious, and proselytizing tendencies have been wholly absent

(2) At all times, the Farm authorities have afforded all possible help to such experiments as our officers wished to try therein

(3) The Farm has always been open to Mysore students for study and training

3 The Farm is very useful for a good number of Mysore ryots and their sons and daughters who are getting wages and learning the reeling of silk The other day, this year, when the Committee's students were reeling silk, there were a number of local boys of 10,12 and 15 years having a good knowledge of reeling and

GPB—1 000—1 4 18

Dewan Bahadur K P Puttanna Chetty made enquiries of several of them and in the course of the enquiry, it was found that they all came from the neighbourhood One was a deaf and dumb boy, another, a lame boy, both good at reeling

4 The Salvation Army is carrying on a great educational, philanthropic and industrial work by means of the Farm They have advertised and are advertising Mysore silk in the markets of India and Europe The silk fabrics they turn out are also valuable from an educational and industrial point of view It is a centre of silk industry in its varied aspects in Bangalore, and there is no similar institution in the State now

5 As regards the State Silk Department, it is yet in its embryo stage The Department is just being formed It will take some years for its formation and for the necessary buildings and plants being put up Even when we put up our own farms, the Tata's Farm may be utilised as an auxiliary in some respects Signor Mari who has seen the institution, said that it is useful in its own way He is in favour of Mysore students being trained in the Farm first for one year, and then subsequently ~~xxxx~~ under him at Chennapatna Accordingly, the Committee have agreed to send students this year also to the Farm It may be that the Farm does not answer all our needs, but the scope for work in sericulture is so vast that there is room in Mysore for State as well as State-aided organisations The Tata's Farm will never be a superfluous entity

6 The authorities in the Farm are doing very good propagandist work for Mysore silk They take an active part in exhibiting their wares and machines and raw products in the Mysore Dasara Exhibition and in the Bangalore Exhibition annually They also go to the muffusil whenever we want them to do so At the Agricultural Committee's request, last month, the Farm people exhibited sericultural appliances at the Nandi Jatra

7 In conclusion, in view to the vast amount of really useful work done in the Farm, not purely according to our view but in the

interests of the silk industry and according to the view of the Farm authorities and the direct and indirect benefits accruing to the ryots in the vicinity and the hearty manner in which the Farm is willing ~~in~~ at all times to cooperate with Government, and in view to the aims which actuate the concern, it is my humble view that the present grant may be continued for two calendar years, 1914 and 1915 At the end of 1915, the amount of grant may be considered It may be assumed that the Tata's Farm as an educational, industrial and charitable institution is eligible for som grant-in-aid What that grant-in-aid should be, whether it shoul be fixed at the existing rate of Rs 3,000 a year or less, may be considered at the end of 1915, in the light of the then condition of the State Sericultural Department and Central Farms

I am,

Yours sincerely,

K Subbarao

Secretary

To

C S Balasundaram Iyer, Esq, B A,
Secretary, Mysore Economic
Conference, Bangalore

62 I discussed the subject with Mr N Subba row & he has sent me a D.O letter containing his opinions about the work of the Silk Farm & the need for not stopping the grant in aid now being given to it by Govt I agree generally with him and consider that the Farm is useful in affording training to a large number of pupils every year. The Farm that our silk expert is starting will deal with Sericultural training of a slightly more advanced character & we are not in a position to state that such training will be continued after the Inspectors & whom we shall want for practical work have been trained.

63 It is further submitted that the question of annual grant is not directly raised in issue in the file. It may be considered on its merits when it comes up

64 As regards the sale of the land & the imposition of assessment the Members of Council have recorded views & a draft submission note is put up on these points

65 These papers relate to the request made by Mr Booth Tucker of the Salvation Army to purchase from Government the lands on which the Tate Silk Farm is situated

66 2 When the late Mr J N Tata of Bombay proposed to open an Experimental Silk Farm at Bangalore Government sanctioned the acquisition of about 17 acres of land in the Yediyur village Bangalore Taluk for the purpose at an estimated cost of Rs 2 035 The lands were acquired and placed at the disposal of Mr Tata free of assessment for 15 years The total cost of the acquisition amounted to Rs 7 094 as one of the parties did not accept the compensation and the case had to be decided by a Civil Court which awarded a higher rate of compensation than had been awarded by the Deputy Commissioner

Y (Es 102-13)

V de papers 3-4 the notes

67 3 An annual grant of Rs 3 000 was sanctioned by Government in 1906

V (Es 30-05)

66 4 In 1909 Messrs Tata transferred the management of the Silk Farm to the Salvation Army and the grant of Rs 3 000 together with the rent-free use of the lands was sanctioned by Government for a period of 3 years on certain conditions These concessions have been continued from time to time

W (in the linked file)

69 5 In 1911 Government gave an assurance to the Salvation Army that the lands given for the Farm would not be resumed so long as they were used for the Farm and that if it was decided at any time to resume them it would be open to the Salvation Farm authorities to purchase them at the then market value of the lands

that the lands may be sold to the Army for Rs 2,635 the price originally paid for them by Government But the actual price paid by Government was Rs 7 094 and not Rs 2 635 The present market value of the lands is reported by the Deputy Commissioner to be about Rs 7606 The Members of Council are of opinion that the lands may be sold to the Salvation Army for this amount

A

Pages 17-18 of the office note

(71) 7 I agree with the Members of Council and recommend that the lands on which the Farm is situated may be sold to the Salvation Army for its present market value as estimated by the Deputy Commissioner and that Mr Booth Tucker should be required to pay the assessment on the lands from the date of sale The assessment is Rs 28-0-0 per annum

His Excellency the Diwan of Mysore,

Bangalore

Sir,

I have the honour to request that His Highness' Government will sell to the Salvation Army the land on which the Tata Silk Farm is situated

The original price paid for this land was Rs 9,635 and we trust that considering the philanthropic purposes for which the la[nd] is required, your Government may accept this sum from us in pa[yment] for the land

The original period for which the land was leased to Messrs Tata was fifteen years, and this period will expire on 30th March 1914 We think therefore it is a good opportunity for us to purchase the land outright, as there can no longer be any doubt of its suitability for the purpose for which it has been acquired

I am aware that land in the neighbourhood has considerably increased in value but I do not think your Government will wish to avail itself of this increase in value, for increasing the payment required from us for the land

I had originally intended to ask His Highness' Government to kindly donate us the land, but I thought on further consideration that perhaps you might regard it as more satisfactory for us to

Messrs Tata have informed us that they will be glad to make over to us all their interest in the property

One of our principal reasons for wishing to acquire the land is that we may make considerable extensions upon it, and our Property Trustees are not prepared to do this until the land has been definitely acquired by us

Campbell Esq
The Private Secretary to His Highness
The Maharaja of Mysore,
Bangalore

Dear Mr Campbell,

I am sending you by to-day's post four photographs which wererecently taken on the occasion of the visit of Her Excellency Lady Hardinge to the Tata Sill Farm

I have been wondering whether His Highness would care to commemorate Her Fxcellency's visit by donating to the Farm the land on which it stands, or by permitting us as has already been suggested, to acquire the land by purchase at its original price

We are anxious to mal e extensions to the work, but our Property Board has not seen its way to putting up buildings on land which was not ours

Sir Dorabji Tata who was present with Lady Tata on the occasion of Her Fxcellency's visit has agreed to donate the whole fittings to the Salvation Army and has also said that he would gladly consider the gift of the land to the Salvation Army as a fulfilment of a promise made by the Mysore Government when his father first started the Farm to recoup the initial expenses incurred by himself and his father and amounting to something like Rs 50,000

I think that we may already claim that the Tata Silk Farm is the premier institution of the kind in India, but we should

much like to increase its scope and usefulness, and I am sure that Lady Hardinge herself would greatly appreciate such a commemoration of her recent visit to the Farm, which already owes so much to the kindly interest manifested by His Highness the Maharaja and his Government, as well as by His Highness the Yuvaraja

Believe me,

Yours sincerely,

F Booth Tucker

Dear Sir

Re Purchase of the Silk Farm Land

I think it would be necessary for a Lawer to draw up the necessary deeds, and that it should be purchased in the name of the Salvation Army property Company Ltd Simla
And should it not be entered in the Register Books, and the business done in the Fort
Will you see your Lawyer, I will send our up to you, kindly let him see the deeds of the land Also fix a date with our Lawyer so that we can pay the money and the same time take over the deeds, all to be done in one day
The money has arrived for this

I am

No 502 (Continued)

About two weeks ago it was suggested that instead of executing a [redacted]ar deed of sale and incurring the usual cost therefor and to [redacted] the necessity and inconvenience of some officer going to a[redacted]appearing before the Sub Registrar to admit execution of the Sale Deed the right to the land may be transferred to and the - putta or Khata of the same made out in favour of the Commissioner of the Salvation Army under the Revenue Rules subject to the latter paying the annual assessment of Rupees 28-0-0 (Twenty Eight) for - the land

We spoke to Staff Captain Jackson and explained to him that so far as the title to the land is concerned there would practically be little or no difference whichever mode of transfer is adopted - whereas the latter mode has the recommendation of saving to the - Salvation Army some expense and to the Government some inconvenience He readily assented to this proposal

We therefore request you to kindly furnish us with a copy of the Government Proceedings under which the land was acquired and the particulars as to the Survey Number extent assessment and boundaries of the land to be sold on receipt of which the abovementioned sum will be paid into the Treasury and an application will be made to you for the transfer of the right of occupancy of the land under the Revenue Rules
